STREET STORIES

Max Goldman of Jefferson City, Mo., is here calling on the dry goods trade and meeting with old friends.

W. H. Bumpass at the compress this morning made a guess on the date of receiving the first bale of cotton. He set it at the 16th, one day later than last year.

S. M. Cunningham was here last night from Hugo on his way to Oklahoma City. He reports that Dunlop carried a plurality of the votes in Choctaw county.

Now as the election is over, if the weather man will give us some rain, the farmers will not only be satisfied but work will be resumed on the road between Lone Grove and Ragtown, and will also begin between Wilson and the same place.

In yesterday's real estate transfers at the court house, the records show that E. A. Walker has purchased from C. M. Campbell lot 7 in block 325, in this city, which property is the store and office building occupied by the Budd Hoard Clothing Co. Consideration \$10,000.

Kennerly, Spragins and Lewis are losing no time in getting to work on the contract recently awarded them by the school board for installing the heating plants in the four ward schools. Active work will begin tomorrow, and three carloads of material is in transit for the job.

Mr. and Mrs. Fount Duston and two children who went to Corpus Christi some days ago, have returned. Mr. Duston went there to engage in buying cotton during the early season, but reports that not a bale of cotton can be bought. He says we have no idea how the European war is affecting the markets and ruining business in this country.

The Sheriff's Race.

Official returns on the race for sheriff give the following vote: Garrett, 1,742; Akers, 1,672, which gives Mr. Garrett a majority of 70, instead of 94, which was shown by the unofficial count. In taking figures over the phone, from some of the precincts in the county, an error was made. The official vote of the county in every contest will be published Sunday morning. The information will not be ready for the printer before Saturday.

JAPANESE PIN CUSHION FREE.

Given Away with 10-cent Purchase of Tuxedo Tobacco.

Every lady in the town ought to be "stuck on" this pin cushion offer by the American Tobacco company. To start with, the cushions are the neatest novelty seen here in this line. They are shaped to represent cunning little Japanese tea pots, with a handle by which the cushion can be hung up against the wall in a convenient place.

In addition, from the smoker's point of view, when he buys a tin of Tuxedo he is getting the full worth of his dime in the most popular and delightful smoking tobacco on the market. Every smoker knows "Tuxedo Process." Tuxedo is made from the highest grade Kentucky Burley, treated by the original Tuxedo process so that it absolutely cannot bite the tongue. This fragrant tobacco is equally good for pipe or cigarette.

Inasmuch as the dealers' supply of these clever pin cushions is limited, it is advisable for you to make your Tuxedo purchase as soon as you see the sign in the dealer's window. Only one cushion to each purchaser of a ten-cent tin of Tuxedo.

Hailstorm in Kansas.

Augusta, Kan., Aug. 6.—One and one-half inches of rain, accompanied by considerable hail, fell here yesterday between three and four p. m. At Haverhill three inches were reported and as much at White. At White the hail did much damage to alfalfa that had been cut for seed, beating out the seed and leaving nothing but bare stems. Kaffir and foterita were both damaged to some extent. The rain was badly needed as crops were beginning to show the effect of the drought.

West of town one mile there was a small twister, which did but little damage as it only dipped near the Titus gas well, where it lifted a buckboard from the ground and broke it up quite badly.

Many campers who were on the Whitewater were driven in on account of the storm.

FIERCE FIGHTING TODAY IN LIEGE

(Continued from page one)

line steamer Carmania and the British steamer Kumerie, the latter with a cargo of wheat from Galveston for Germany, arrived here today, escorted by a cruiser.

Madrid, Aug. 7. (via Paris).—According to official advices more than fifty German steamers already have been captured by the British squadron.

Japs Ready to Help.

Shanghai, Aug. 6.—An official at the Japanese consulate here said today that upon receipt of the first official news of the beginning of the clash of arms between England and Germany, Japan would send a fleet with 10,000 men to attack Tsing Tau and 10,000 more to relieve the British garrisons at Tien Tsin and Peking. Preparations for such action were now under way, he said.

Carnegie for England.

New York, Aug. 6.—Andrew Carnegie, one of the world's most distinguished peace advocates, approves England's course in the present crisis. In a cable message from Scotland to the New York Evening Post, he says: "Germany having declined Britain's proposed peace conference and then having asked Britain to agree to her march through Belgium, Britain was bound to decline and to declare that she would protect Belgium by land and sea."

Ambassador Insulted.

Paris, Aug. 6.—The French ambassador to Germany, Jules Cambon, according to official information, was not provided with any means of transportation for his return to France, when he received his passports at Berlin. He was obliged to use his own resources and to go to Denmark, where he remains. It was said at Berlin that the mobilization had monopolized all the railways, but it is officially commented that French government provided a special train to take the retiring German ambassador, Baron Von Schoen, from Paris to the frontier.

Panama Canal Work Suffers.

Panama, Aug. 6.—Nationals of Germany and Austria-Hungary subject to military duty are leaving the Isthmus of Panama in response to orders received here. The war is having no effect on the canal work beyond delaying delivery of machinery ordered from Germany.

The construction of two large floating cranes may be delayed as a result of the probable departure of the Germans who were erecting them.

The Hamburg-American liners are held at Colon pending further orders. The other steamship lines have not been affected.

Paris, Aug. 7.—A French mine ship today captured and towed into Cherbourg a 5,000 ton German steamer.

CASH ECHOLS

"OF COURSE"

GO WHERE YOU PLEASE—EAT WHAT YOU PLEASE

That is what you can do if you take Dodson's Liver Tone. Many people know the danger of calomel, yet they take it because they know of nothing better. Other people are not afraid of calomel, because they do not understand what a dangerous drug it is. Because it has never hurt them, they believe it never will.

No one needs to take dangerous calomel (which is just another form of mercury.)

City Drug Co. sells Dodson's Liver Tone for fifty cents a bottle and guarantees that it takes the place of calomel.

Dodson's Liver Tone is a pleasant-tasting vegetable remedy that livens up the liver without causing any restriction of habit or diet. It has none of the many bad after-effects of calomel and is safe for children as well as grown-ups.

You don't run a single risk when you try Dodson's Liver Tone, because if you aren't entirely satisfied, all you need to do is to go right back to where you bought it and have your money cheerfully refunded to you with a smile. Isn't that fair?

"BEATING BACK" TELLS THRILLING STORY

"Beating Back," the life story of Al Jennings, former outlaw, as pictured by the Thanhouser Film Corporation, has been acknowledged by press and public to be the most remarkable film of its kind ever produced. Occupying six reels with Al Jennings himself as the principal character, the picture marks an epoch in the search for the unusual themes for presentation on the screen. Al Jennings was for years the leader of a gang of train robbers which rivaled in outlawry the notorious Jesse James outfit. Jennings, prior to becoming a long rider, had been county prosecutor, sending many handits to the penitentiary for their wrong-doings, but he was finally arrested for his own wrong-doings, and sent to the penitentiary. The citizens of the Oklahoma Territory gave a sigh of relief. Through the intercession of Senator Hanna, Jennings was pardoned by President McKinley. Subsequently President Roosevelt restored his citizenship, and he recently made a big fight for the democratic nomination for the governorship of Oklahoma. In the film, which was staged by Carroll Fleming, former general producing director at the New York Hippodrome, all the Jennings deeds of outlawry are portrayed, together with the story of his life succeeding his capture and imprisonment in the Ohio penitentiary.

NOTICE OF APPLICATION FOR PAROLE

Notice is hereby given that I will, on the 1st day of September, 1914, or as soon thereafter as the board will hear the same, apply to the Board of Prison Control and thereafter to the governor for a parole.

The grounds of said application will be that I was drunk when I committed the forgery;

That I have been sufficiently punished, and want "another chance to make good."

I plead guilty to the charge.

Cool Food For Hot Days

Better health comes with less meat and greasy food during the warm weather.

By proper and pleasant food one can feel cooler than his over-fed neighbor.

Grape-Nuts

and Cream

—some fruit and a soft boiled egg, or two is sufficient for the hot weather breakfast

An ordinary portion of Grape-Nuts and cream contains nourishment to sustain one until the noonday meal; and being a partially pre-digested food, it does not overtax the stomach and heat the system as do heavy, greasy foods.

These suggestions, if followed, should show that one can have a cool body, active brain and energy—even in hot weather.
